DOSSIER: MURK

CHARACTER DESCRIPTION

Kass Murk (Super Villain Name: MURK)

Height: 1.78 meters (five feet, ten inches)

Weight: 79.38 kilograms (175 pounds)

Complexion: Pale

Eye Color: Yellow

Hair: Brown

Age: 42 (at the beginning of his seventh cycle, i.e., at the peak of his powers), looks like late 20's

Astrological Sign: Leo

Possible Actor/Type: A young James Marsters ("Spike" from *Buffy the Vampire Slayer*) type

Clothes: Style: modern casual and occasionally formal, but often combined with anachronistic pieces. Murk favors black. He often wears old-style, usually military-style articles of clothing, i.e., a Napoleonic era greatcoat, a WWI German officer's jacket, etc. —but all black!

Murk is Australian, of mostly European, largely German descent. He is egotistical, darkly handsome. He has an outwardly a powerful presence and yet, deep inside, he feels lacking, needy, and inferior; he is full of self-loathing and enslaved by his own rapacious desires.

Murk has lived many lives, each of them filled with unbridled ambition and selfish desire. His is a soul that has been reincarnated many times, not failing *tikune* (correction), but *rejecting* it. Murk has used his incarnations not for *tikune*, but to feed his bottomless *need*. Murk has ever sought only power, personal gain and the satisfaction of desire; only knowledge, never understanding; only darkness, never light. In some of his past lives, bearing names that stain the annals of human history, Murk perpetrated evil on a grand scale. In other lives, he was merely a loathsome lackey, a jackal, a parasite, or even an inanimate object that exuded a sense of foreboding, ill will and hunger.

Murk has *embraced* the Darkness. He chooses to be the very essence of evil. He is virtually the flesh and blood expression of the metaphysical energy of The Satan (pronounced: suh-TAHN). He has become the Champion of the Angel of Death (essentially, the personification of PRIDE) and means to perpetrate an act of destruction that will plunge Earth into a New Dark Age of ignorance.

Murk is, or has become, the opposite of Tim, who is influenced by the essence of Tiferet.

Murk possesses *all* the powers of darkness. He's an accomplished wielder of dark energy; a manipulator of fear who wields despair like an icy blade and the emptiness of selfish desire like a bludgeon.

Kass Murk. *Kass M.* Sounds a lot like "Chasm," doesn't it? Not a coincidence....
